

Yay! So glad you got these open house forms!

Please feel free to use them as often as you like and to share them with other agents in your office!

I thought I would share a little bit about myself...

I was a real estate agent in the worst real estate time ... 2007-2009 in Florida (we had the crash WAY before everyone else did!)

In 2013 my husband Johnny and I thought, why not adopt three kids? That should be fun, right? Well we did it and how everything changed! Instead of being able to devote every waking hour to marketing, those little gremlins think that I should spend time with them too, imagine that. So I had to take a real hard look at my business and figure out which parts of it I loved and wanted to make a focus.

Come to find out it was making planners, writing blogs and books and helping other business owners succeed! So now that is what I do everyday...cool huh?
